It was decided that draws will be made only for first round while SM2017 will be held between two phases of league.

### Umpiring panel, Nominations review & approval

It was appreciated that a good number of umpires are interested in league umpiring. It was decided that umpiring duties will be assigned from the umpiring panel and Javed Ahmed will take care of North region and Zalmay Daftani will assign duties in South.

### League rules, review and approval

All rules were reviewed one by one and approved following changes.

**6.1** There will be one (1) neutral umpire for all formats and umpire shall be appointed by SCF. The Neutral Umpire will stand at the non-strikers end at all times. The striker's end umpire/leg umpire shall be provided by the batting team.

**6.4** The club that fails to provide an umpire for their designated match will incur a fine of 1000 SEK. Failure to pay that fine within 14 working days/two weeks will result in deduction of 3 points of the club in question.

**6.5** The Neutral Umpire MUST get the SCF Match Report signed from both captains at the end of the match. The umpire can keep this report with him till the end of League for any future reference. The Match Report is to be submitted to the SCF within 72 hours after the match. Failing to do this will cost 100kr to the neutral umpire from his match fee. In the absence of the Neutral Umpire, it shall be the responsibility of the winning team captain to submit the Match Report to the SCF within the stipulated 3 days.

**6.9.1** Umpiring Fees for completed matches

- **250 SEK** for a T20 match. Umpires will get **150 SEK** per trip, extra from SCF for any travels more than **100km** from their home city.
- **400 SEK** for semi-final and final matches will be paid by SCF in T20 league.

## SVENSKA CRICKET FÖRBUNDET BOARD MEETING, 26 March 2017

- **14.1** Clubs with teams playing in multiple divisions are allowed to field players from their higher division team into the lower division team with the following criteria.
  - 
  - **14.1.1** Any player playing from higher division to lower division can only ball after half of the total overs (from over number 11 in T20) and can only bat at number 6 and after while batting.
    -
  - **14.1.2** Only **ONE** player from last **HIGHER** division's playing XI can play in lower divisions.
    -
  - **14.1.3** These rules (one player, bowling and batting restriction) do not apply to any player under 18 (17 years and 364 Days) years of age. **If a player turned 18 on the day of the match then normal rules apply.** However, there are no restrictions on players from lower divisions playing in higher divisions.
    -
- **14.2 Players transfer** – Players are allowed to change clubs once a season with **500 SEK** as transfer fee to SCF. Once the transfer fee is paid to the SCF, it is considered as an official transfer and should not be allowed to transfer to another club or back to the mother club in the same season regardless of if the player has played any game or not for the new club.
  - The transfer is **NOT** considered “APROVED” until SCF has received the transfer fee in SCF account. No Screenshots or receipts of payments will be accepted.
    - 
    - **14.2.1** If the transfer is in the higher division then the parent club should be paid **1500 SEK** in compensation.
      -
    - **14.2.2** If transfer is in the same division or in lower division then there will be only **500 SEK** transfer fee to SCF.
      -
    - **14.2.3** If one player joins new team in lower division than his/her mother club but his/her new club has other team in higher division as well then the said player can only play in higher division when he/she will pay **1500 SEK** to mother club. The level of any player is defined by majority of matches he or she played for his or her club in any one division. or example if a player played 10 Division 1 matches, 8 Elite matches and 4 Div 3 matches then he or she will be considered a Division 1 player.
  - This will stop players moving clubs if their club gets relegated to lower divisions. This rule does not affect anyone who moved from one city to another more than 100km from their parent club.

It was also decided that after submission of score card on SCF website, clubs will have three days to read and ask correction.
